Mechanical Design Engineer with 7 years in automotive powertrain development

EDUCATION

- | | |
|------|---|
| 2017 | M.Sc. Mechanical Engineering - TECHNICAL UNIVERSITY OF MUNICH (TUM) , Munich, Germany <ul style="list-style-type: none">• Focus: Automotive Powertrain Systems• Thesis conducted in partnership with BMW Group Research |
| 2015 | B.Sc. Mechanical Engineering - RWTH AACHEN UNIVERSITY , Aachen, Germany <ul style="list-style-type: none">• Grade: 1.6 (German scale) |

WORK EXPERIENCE

- | | |
|----------------------|--|
| Mar 2021–
Present | Senior Design Engineer, Powertrain - BMW GROUP , Munich, Germany <ul style="list-style-type: none">• Component design: Lead mechanical design of electric drivetrain components for next-generation EV platforms using CATIA V5.• Testing & validation: Coordinate durability and thermal testing programs, resolving 3 critical design issues before series production.• Supplier collaboration: Work with Tier-1 suppliers to optimize component cost, achieving a 6% reduction in unit cost without sacrificing quality.• Cross-functional coordination: Liaise with software and controls teams to align mechanical design with electric motor control requirements. |
| Sep 2017–Feb
2021 | Design Engineer - ROBERT BOSCH GMBH , Stuttgart, Germany <ul style="list-style-type: none">• Designed fuel injection system components, supporting mass production of 2 engine platforms.• Conducted FEA simulations to validate component durability under thermal and mechanical loads.• Collaborated with manufacturing engineering to resolve 8 design-for-manufacturability issues pre-launch. |

SKILLS

CATIA V5, SolidWorks, ANSYS FEA, GD&T, DFMEA, Automotive Powertrain Design

PROFESSIONAL DEVELOPMENT

- | | |
|------|--|
| 2022 | Electric Vehicle Powertrain Design Course, TUM Executive Education |
|------|--|

AWARDS AND CERTIFICATES

- | | |
|------|---|
| 2022 | BMW Group Innovation Award, Powertrain Division |
|------|---|

VOLUNTEER EXPERIENCE & LEADERSHIP

- | | |
|--------------|--|
| 2019–Present | Mentor - VDI JUNIOR ENGINEERS NETWORK , Munich, Germany <ul style="list-style-type: none">• Mentor engineering students preparing for careers in the automotive industry. |
|--------------|--|

LANGUAGES

German (Native), English (Fluent)
